

# Directions to Mt. Evans Outdoor Lab School

Take I-70 west to the Evergreen Parkway, exit 252. Turn left onto Evergreen Parkway (CO 74). Follow Evergreen Parkway to Evergreen Lake. At the Lake turn right onto Upper Bear Creek Road (CO480). Continue west through Upper Bear Creek Canyon. At mile 5 1/2 the road will open into a meadow. At the west end of the meadow, slow down - on your right, past a group of mail boxes, will be a tree with many signs on it ("Singing River Ranch, Sawmill, Mt. Evans Wildlife Are, Evans Ranch, Outdoor Education Laboratory School"). Be prepared to take a right hand turn leaving the pavement onto a gravel road. Continue about 2 1/2 miles, always taking the right hand fork at every intersection, until you arrive at the school parking area. After parking, please check in at the office.
